

# Flowers at Windekind

Marijke's extensive knowledge of the area's natural flowers inspires her to create beautiful flower arrangements for wedding parties. She obtains flowers from our own gardens and one commercial grower here in Huntington. In order to be more diverse, we have also established professional relationship with Green Mountain Florist Supply, which allows us to purchase commercial flowers at whole sale prices and pass those savings on to you.

Marijke welcomes the opportunity to work with the Wedding Party so that flowers can be done as a team. The intent is to encourage the creative talents of many and save on cost.
